Dear Chairman Comerford and members of the Board,

The Conservation Commission issued an Amended Order of Conditions for this proposed single family dwelling and driveway on 12/29/2014 (enclosed). The plan approved by the Conservation Commission has a revised date of 11/17/2014 and was prepared by Field Engineering, Inc and stamped by Richard Riccio III, P.E. This is the same plan that has been submitted to the Zoning Board of Appeals for the requested Variance. Any revisions to this plan would require the applicant to appear before the Conservation Commission to determine if the proposed changes warrant the need to file for another Amended Order of Conditions. Please feel free to contact me if you should have any questions regarding this correspondence.

Sincerely,

A handwritten signature in cursive script that reads "Sarah E. Porter".
